OBJECTIVE

A motivated programmer with a passion for web development and proven skills in React and Node.js. Experienced in multiple projects, demonstrating proficiency in developing, testing, and deploying applications. Seeking challenging opportunities to leverage my skills and deliver efficient, scalable, and user-friendly solutions.

PORTFOLIO LINK

<https://port-folio-website-two.vercel.app/>

This website was created using React.js. My portfolio website showcases various projects, including a YouTube clone, a MERN authentication system, a coffee shop application, and several other exciting projects.

EXPERIENCE

Mern Stack Intern

Code Soft
